**MEET THE REGISTRY COLLECTION AT THE WORLD'S TOP
FRACTIONAL OWNERSHIP EVENT**

Northamptonshire, Kettering. (Date: 4 September, 2009) *The Registry Collection*[®] exchange programme, the world's largest luxury exchange programme and part of the Wyndham Worldwide family of companies (NYSE: WYN), will be showcasing its 2009 developments as Supporting Partner of the Fractional Life Expo 2009, the world's leading fractional ownership event. The Expo is due to be held from September 14-16 at Broadgate Event Venues in the City of London.

The event is the most diverse fractional ownership and asset-sharing exhibition in the world, catering for the growing number of people who want to enjoy a lifestyle of luxury experiences without the responsibilities and capital outlay of outright purchase.

The Registry Collection's experienced and expert team would like to invite visitors to their stand – Stand No: 3 – at the Expo to discuss all aspects of fractional products and services, and the ways in which they may lift your lifestyle to levels only dreamt of.

In the current economic climate fractional ownership has established itself as a hugely attractive alternative to the whole ownership of a secondary residence, offering purchasers luxury lifestyle enhancements without major financial commitment, both in terms of price and maintenance costs. Membership of The Registry Collection programme brings further enhancements and benefits in allowing purchasers to exchange use periods in their owned properties for stays in others of commensurate quality and superb locations available through the programme's worldwide exchange portfolio.

Nick Turner, VP and head of business development, The Registry Collection, Europe, said: "It's been a good year for The Registry Collection following some unique new additions to its property exchange portfolio, including Europe and Africa, bringing the total number of properties associated with the programme globally to 160. Leading annual fractional events such as the Fractional Expo and the B2B Fractional Summit are gaining momentum as attendance figures rise each year. This, together with the many new developments joining The Registry Collection – and the dozens of new deals in our pipeline – is evidence that interest in the fractional sector is now translating into a tangible and profitable business in regions outside the successful US market."

Recent affiliates to The Registry Collection include:

The Provence Club – Les Maisons de Baumanière – brings two unique new French properties into The Registry Collection portfolio of affiliated luxury properties – The Provence Club – Les Maisons de Baumanière – Villeneuve-lès-Avignon, just outside the ancient town of Avignon, and The Provence Club – Les Maisons de Baumanière – Gordes – from luxury resort company Avenio Prieuré that will be built on beautifully landscaped sites with superb views of either the Luberon Valley or one of the many surrounding historic towns and villages. Each development will offer guests a Michelin-starred dining experience in exclusive restaurants and L'Occitane en Provence spas all on site in an exceptional Provence lifestyle concept.

Halcyon Hills Luxury Resort & Spa – located on the Greek Island of Samos and combining ancient tradition with modern luxury, this resort retains an authentic village ambience. There will be 19 different architectural styles in the development and all have sea views, while owners may relax in the resort's five-star spa or infinity pool. An exclusive marina is also planned for the development.

The International Riviera – a five-star residential resort in Tunisia, close to the walled city of Monastir, which will include 50 luxury water villas in its first build phase on a unique development of 60,000 properties. The creation of BW Group chairman, Bobby Wahi, the resort is planned to feature a series of integrated villages fusing European elegance and the 21st century pioneering spirit of Dubai. At its heart will be a Las Vegas-style casino complex and a range of other upscale amenities including golf, spa and marinas.
